

## MPI Approvals

CellarGroup™ is an Authorised Distributor for Zoono™ Limited.

Zoono state on their website:

*“Zoono has food safety approvals in New Zealand and Australia and is completely safe to use around food. Zoono is inert in its liquid state and permanently bonds to surfaces eliminating any pathogen threats during manufacturing processes.”*

## MPI Approval & Relevance to CellarGroup Products

According to the Approved Maintenance Compounds (Non-Dairy) Manual, published by MPI on 7 October 2019:

1. “This manual only applies to maintenance compounds used by operators processing **non-dairy animal products** who are operating under the **Animal Products Act** (APA) regime.”
2. “Operators processing food under the **Food Act**, are not required to use approved maintenance compounds / chemicals. These operators must determine that the maintenance compounds / chemicals that they use will not adversely affect the food being processed. Some operators voluntarily elect to use APA (Non-dairy) approvals to assist with determining the acceptability of compounds.”
